EXPERIENCE A NEW WAY OF HEALTHCARE

LET US HELP CARE FOR YOUR EMPLOYEES

*Our goal is to maximize your wellness,
and keep your workforce healthy.*

**One simple monthly cost.
Unlimited visits with a provider in your
pocket.**

We want to take one stressor and worry away from
you and your team.

Benefits of Becoming a Member

- An annual physical, so every year you will have an extended visit to go over a routine health screening, and a tailored plan to fit you, including labwork and an EKG.
- Unlimited access to your provider which means you can see the provider in person or virtually anytime. You will have easy access to get in touch with the provider whenever you need it.
- Same day or next day appointments.
- Joint injections, sutures, toenail removals, medication injections, incision and drainage, skin tag/wart removals are also included
- Strong patient-provider relationship which means no worries about your provider not knowing your story.

Frequently Asked Questions

- Is this health insurance? - It is not health insurance, and we encourage everyone to have at least a catastrophe like insurance for if something bad arises.
- Are there any hidden costs? - Every visit is included in the cost. We are transparent with any extra costs. Extra costs would included extra bloodwork, biopsies, or imaging like x-rays. All of this will be at cost for the patient and is viewable on the website and in the clini.c.
